

CLASSIC MACKAY 2010 SERIES WITH PU Multi-Roller Range

For Boats to 30FT (to GVM of 4.5T)

Tandem PU Multi-Roller Trailer with optional Hella lights and steel mudguards

OVERVIEW

The **PU Model** comprise of a galvanized steel trailer incorporating a separate narrow chassis with an independent subframe, providing the trailer with exceptional aesthetics, and top class functionality. There is also an adjustable tilting rear rocka at the rear for quick and easy full drive-on launch and retrieve capabilities. The PU trailer self centres the boat and provides the BEST boat launch and retrieval.

STANDARD FEATURES

Frame and Parts

- Galvanized steel frame with two year structural warranty
- Galvanized steel springs, axles, disk hubs
- Transom tie down points
- Integral retrieval system
- Independent subframe for strength and stability

Wheels, Mudguards & Suspension

- Galvanised steel wheels
- White plastic guards as standard – up to & including '57' model, with galvanized steel guards as an option. Steel guards then standard on larger models
- New first quality light truck tyres
- 14" wheel upgrade – includes heavier axle, heavier springs and upgraded bearings
- Marine grease seals – prevents water entering the bearings
- Load sharing suspension on Heavy Duty (HD) models

- Low ride overlay axles on most models for reducing boat height on trailer

Bolt-ons

- Bearing buddies with covers, with Durahubs on Heavy Duty (HD) trailers
- Jarrett webb winch (manufacturers warranty). 5:1 up to model PU5500, then 10:1 to PU6000, and then 15:1 3 speed Alko winch for PU6500 and higher
- Swing jockey wheel – 6" wheel to model PU5500, then 8" wheel to PU6000, and then Heavy Duty 8" or 10" wheel for PU6500 and higher
- LED lights and LED clearance lights

Boat Support and Functionality

- Adjustable tilting Rear Rocka for full drive-on capability
- Fully adjustable side wobble rollers – both vertically and horizontally
- Best boat support with maximum number of wobble rollers; with each

set rigidly fixed to the frame so no slippage

Brakes

- Mechanical disk brakes on trailers under 2,000 kg GVM
- Over 2,000 kg GVM Hydrastar Electric over Hydraulic Brake-Away system including Voyager In-Car kit (Dexter and Sensa-Brake options also available), and Hydraulic Calipers on both axles (with tandem arrangement)

Optional Extras

- Galvanized mesh a-frame platform and wide mesh walkway
- Spare wheel and carrier (with wheel type to match above)
- Alloy wheels
- Mackay mudflaps
- Bumper strip covering all roller brackets
- Guide Poles on all trailers
- Manual Handbrake
