### Parker 800 Weekend DIESEL Inboard 2013

It is an undeniably stylish boat with modern looks and is designed and built to do two jobs - to take fishermen to

sea in any weather; or to take family and friends on a leisurely cruise. The separate fore cabin provides a comfortable double berth. Two further people can sleep in the aft double berth situated beneath the saloon. And there is space for two more in the saloon, where the dinette area converts into a third double berth.

The skilful design of the Parker 800 Weekend offers the best of both worlds.

A variety of engine sizes can be fitted, depending on

A variety of engine sizes can be fitted, depending on budget and performance required. A Mercury Verado 200 outboard or Cummins QSD 2.8 220HP Stern drive with DTS controls give the Parker 800 Weekend a speed of 35 knots.

This price is based upon a Volvo Penta D3 diesel inboard engine being fitted

### Renegade 720 Ex Display 2010 1 x Mercury Verado boat

This is not just your average performance rib (there are plenty out there) this is a bonafide 50+ knot all weather performance rib!

Sportsboat and RIB magazine said that the only Rib that had better handling than this one, was its big brother the 1020!!!! (and we have one of these available too!!)

Sublime handling, top drawer build quality and a hull that is so efficient, it doesn't need 4000hp to perform as you would expect, so lower fuel costs, lighter weight and lower purchase cost!

This is the Southampton boat show display boat now available to purchase.

She is currently at the factory, but delivery throughout Europe can be arranged at cost. Simply stunning to behold and an absolute joy to drive!

RENEGADE RIBS - Spoil yourself.....

Spec -

Twin single stainless steel jockey seats with curved backrests, moulded rear seat fitted with gas struts revealing a large storage locker. Sports console complete with screen grabrail and forward facing door with access to large storage area capable of taking a toilet.
