

Days 5&6 (8th & 9th August 2007) – Peterhead to Ramsgate (Stop at Whitby?)

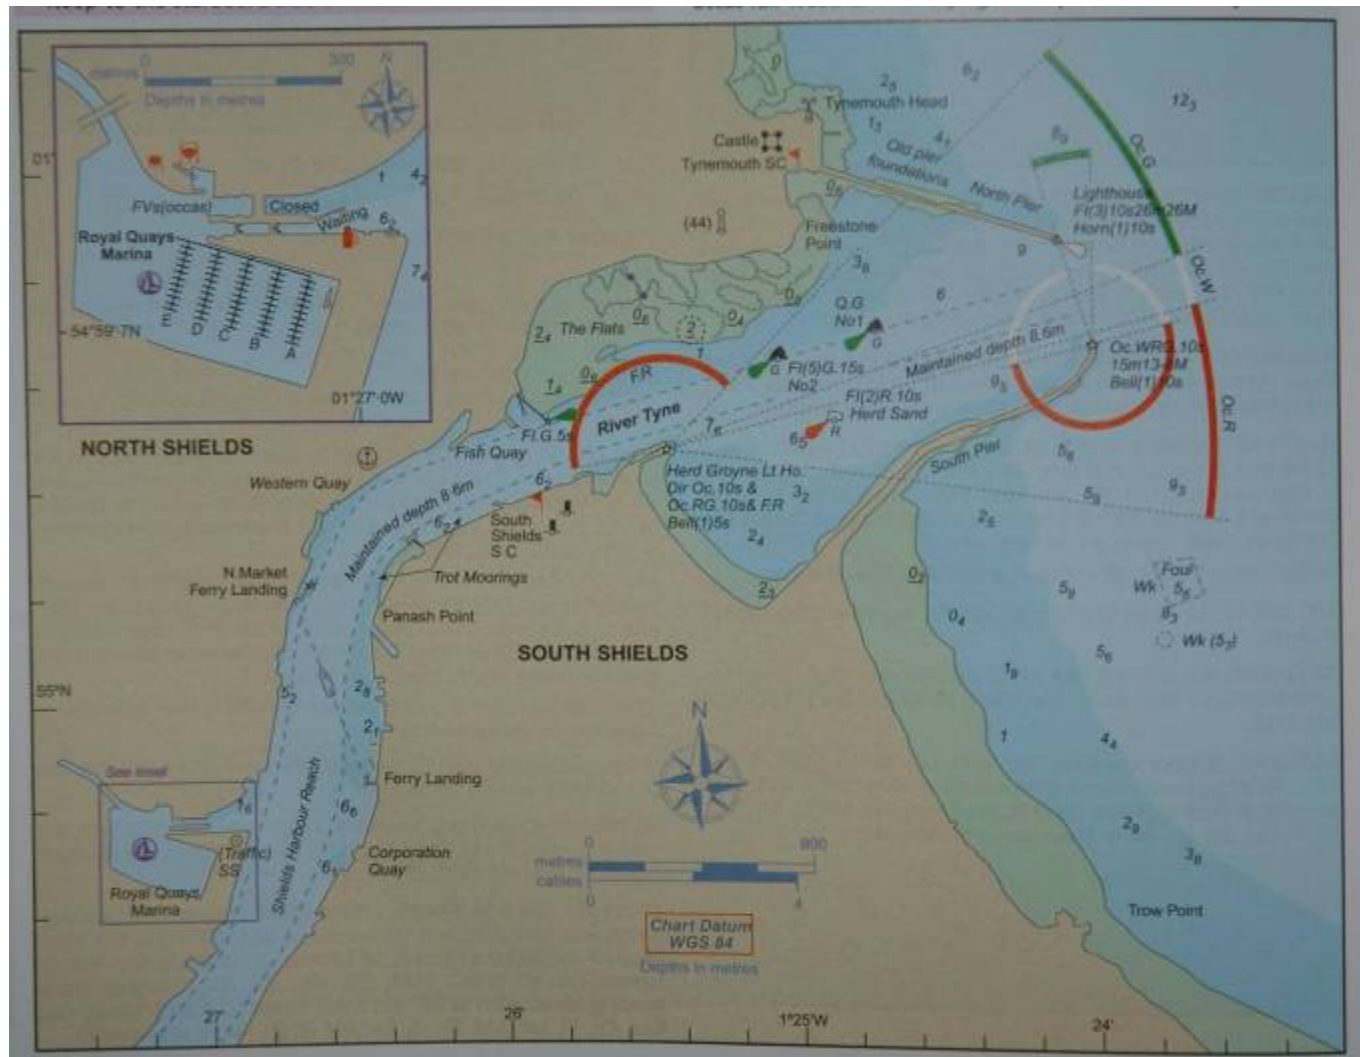

The Route

Be very careful on your run down the east coast. There are narrow channels leading to sand banks. OK at high tide but beware at low. Lots of interest including off-shore wind farms and oil rigs.

	LAT	LONG	Range	Total This Leg	COG	Place	Notes
WP83	57°29.755N	001°45.978W			3		
WP41	55°01.070N	001°22.054W	149	149	178	Newcastle	Refuel - go in to harbour entrance, turn left until you see THE bridge , then turn right onto the marina holding pontoon.
