For a monthly paid driver on the PAYE system with the correct tax code, one twelfth of the appropriate amount of tax will be deducted from income via the monthly payroll.

For the above vehicle a company driver with private use can expect to pay tax on the following basis:

If the company pays for private use of fuel, the following additional tax applies:

Vehicle benefit tax

Tax year to 5th April	2008/9	2009/10	2010/11
Benefit in kind	£3,000	£3,000	£3,000
Tax at 20%	£600	£600	£600
Tax payable at 40%	£1,200	£1,200	£1,200

The base data has been taken from the manufacturer, and applied to the latest tax information. Tax rates after April 2008 have not been confirmed by HMRC so assumptions have been made based on the latest information. Errors or changes could arise. [Report an error](#) if there is something you don't understand or think might be incorrect. Please see the full [Terms and Conditions](#).
